

The Spiritual Significance Of Music

BETRAYAL

BRIAN MEUSE

God created sound and nobody could have. Think about it, you can hear wind but you can't see it, yet you know it's still there. Music is the same thing, a sound you can hear but can't see. There is nothing like it. Music you can feel just like the wind, and they both touch deep down in your soul. Only a God of love and wonders could have done this.
