

The Spiritual Significance Of Music

SLEEPYTIME GORILLA MUSEUM

MOE! STAIANO

Spiritual or not, music that touches or deeply moves us provides a deep feeling of interest or connection. I don't know if it combines certain musical notes of melody that makes something feel spiritual. I'm not too sure what it is. I've never really had any spiritual connection with music. Simply, if it sounds good, that's enough for me and I like that.
