

*The Spiritual Significance Of Music*

# FREDDIE RAVEL

Music is the essence of spirit. Performed and composed with the right intention, the world's undisputed international language, traveling to us and through us as stimulated air, carries the power to bring us closer together. In many ways it has but there is so much more we can do with it. My life's purpose is to expose the bigger possibilities and share them to benefit humanity.

**FREDDIE RAVEL**

**KEYNOTE SPEAKER, MUSICIAN, AND PIANIST**
